### **JR. TENNIS LESSONS**

Designed for beginner to intermediate-level junior tennis players ages 5-14 years, our Junior Tennis Lessons provide a comprehensive learning experience. Participants will: Learn basic stroke mechanics and coordination skills; Understand scoring and match-play; Enjoy engaging activities and games to make learning fun. We utilize the USTA's popular QuickStart curriculum, which scales down the court and uses pressure-less balls, enabling kids to grasp the true essence of tennis and better develop skills. The groups are structured by ball type and court size: red ball, orange ball, and green dot ball.
